Our Mission

Make every mechanical engineer industry-ready through comprehensive training in software, domains, and real-world projects.

Our Vision

Be India's most trusted CAD/CAM/CAE institute, setting the benchmark for mechanical design training excellence.

Why We Stand Out

Industry Recognition

Trusted by top companies for quality training

Expert Faculty

Industry professionals with years of experience

Fast Track Success

Quick placement within 5 months of training

Why Choose 4Dimensions Infotech

✓ 20,000+ Students Trained

Proven excellence with largest alumni network in mechanical design training

✓ 15,000+ Successful Placements

Outstanding placement record with top companies in automotive and manufacturing

✓ 100% Placement Guarantee

Complete placement assistance until you get your dream job

✓ Software + Domain Training

Comprehensive training covering both technical software and industry domains

✓ Real Industry Projects

Work on actual industry projects from automotive and manufacturing sectors

✓ Personal Career Guidance

Proven excellence with largest alumni network in mechanical design training

Software Training Programs

AutoCAD

Duration - 1 month

Foundation

SolidWorks

Duration - 45 to 50 days

Professional

SolidEdge

Duration - 45 to 50 days

Professional

CATIA

Duration - 2 months

Advanced

UG/NX

Duration - 2 months

Advanced

Creo

Duration - 2 months

Advanced

Ansys

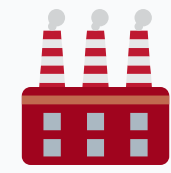

Duration - 2 months

Advanced

Complete Software Mastery

From basic drafting to advanced simulation - Learn all industry-standard tools

Domain Training Programs

SPM

Duration – 4 months

Special Purpose Machines

Mold Design

Duration – 4 months

Injection Molding

Wire Harness

Duration – 3 months

Electrical Systems

BIW Fixture Design

Duration – 4 months

Body in White

Product Design

Duration – 3 months

Innovation & Design

Sheet Metal

Duration – 3 months

Metal Fabrication

Fixture Design

Duration – 3 months

Manufacturing Aids

Plastic

Duration – 3 months

Polymer Engineering

Seating

Duration – 3 months

Automotive Interiors

Combo Training Packages

Automation Pack

Complete Automation Training

- ✓ AutoCAD + SolidWorks + SolidEdge
- ✓ SPM + Fixture Design + Sheet Metal
- ✓ GD&T
- ✓ Projects & Assignments
- ✓ Interview Preparation
- ✓ **100% Placement Guarantee**

Automobile Pack

Complete Automotive Training

- ✓ AutoCAD + CATIA
- ✓ BIW Fixture Design
- ✓ GD&T
- ✓ Projects & Assignments
- ✓ Interview Preparation
- ✓ **100% Placement Guarantee**

Our Training Methodology

Practical-Oriented Training

Hands-on learning with real equipment and software

Industry-Current Curriculum

Updated syllabus matching latest industry requirements

Real Project Experience

Work on actual industry projects during training

Doubt Clearing

Round-the-clock support for all your queries

Industry Certification

Recognized certificates for career advancement

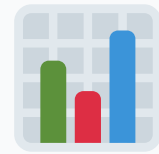

Complete Interview Prep

Mock interviews and personality development

Complete Learning Ecosystem

Theory + Practical + Projects + Placement = Your Success

Success Stories

Rahul Sharma

CATIA & BIW Design Graduate

Placed at Tata Motors – ₹4.2 LPA

"The practical training approach at 4Dimensions made all the difference. Working on real automotive projects gave me the confidence to excel in interviews. Got placed within 4 months of completing the course!"

★★★★★ 5.0/5

Priya Patel

SolidWorks & Product Design Graduate

Placed at L&T – ₹3.8 LPA

"From zero knowledge to industry expert – 4Dimensions transformed my career completely. The comprehensive training and placement support exceeded my expectations. Highly recommended!"

★★★★★ 5.0/5
